April 13, 2010

To Whom It May Concern:

This letter is being written on behalf of Nina Dimitrov. Ms. Dimitrov worked as a certified instructional tutor for math and long-term guest teacher in a 7<sup>th</sup> and 8<sup>th</sup> grade math position at Andalucia Middle School during the 2008-09 and 2009-10 school years.

Ms. Dimitrov did a great job at Andalucia Middle School. During her employment at Andalucia Middle School I had the opportunity to observe her teaching skills. Some strengths that I noticed while observing Ms. Dimitrov were her rapport with students, use of Kagan Cooperative Learning Structures, and planning of instruction. Ms. Dimitrov has been very dedicated to her job and often works long hours to ensure that she is prepared.

I recommend Ms. Dimitrov for any teaching position you may have. She is dedicated, eager to learn and grow, organized, and hard working. If you should have further questions about Ms. Dimitrov's ability please contact me at the number above.

Sincerely,

Scott Heusman
